

Know Tomorrow Today

AEM: Social Communities

Course Duration 2 Days

Description

This two-day course focuses on giving you the knowledge and skills to enable you to master the AEM Social Communities tool. In this training, you learn how to use, configure and extend the Social Community components that come with AEM. It will enable you to build up a Social Community in AEM by using existing components and creating your own components by extending existing functionality.

Course Outline

Day 1

- Introduction to AEM Social Communities
- Enabling Social Login
- Using Social Plug-ins
- Social Communities
- Blogs

Day 2

- Forums
- Calendars and Events
- Moderating Social Communities

Course Objectives

The objective of this course is to help students master the AEM: Social Communities tool.
