

Know Tomorrow Today

Become a HTML5 Specialist

Course Duration: 1 month

Description

Learn all the tools and standards that you need to start delivering latest & innovative web experiences across devices and browsers like never before. We will train you right from the basics of HTML5 & CSS3, to the foundations of JavaScript and jQuery and then how to apply this knowledge through the Amazing Adobe Tools to unleash the most beautiful, compatible web content that would work on Browsers and Mobiles devices seamlessly.

Who should do this course?

Any individual who wants to become a:

- Mobile Web Developer / Designer
- Enterprise Web apps developer
- App & Game developer

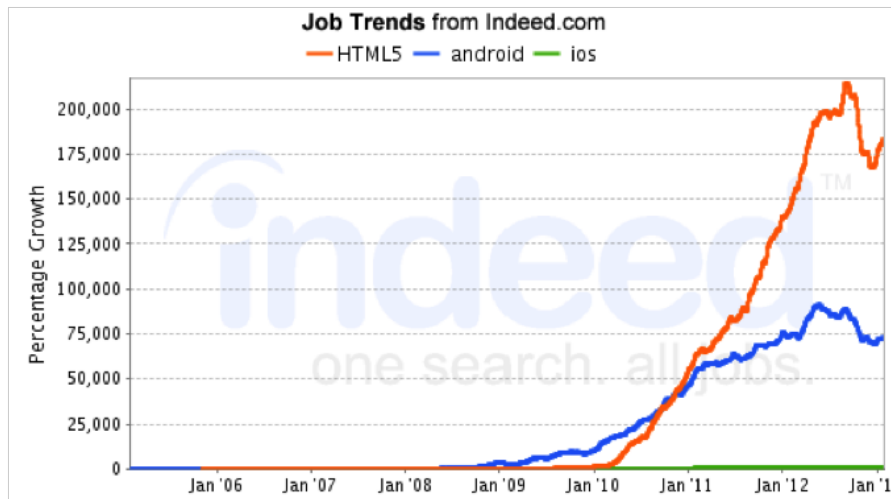

With this course you can:

- **Work**
 - Find a good job with better compensation
- **Grow**
 - Better Position in Current Organization
- **Shift**
 - Change career-track from being just a designer / developer
- **Deliver**
 - Responsive Web Designs across devices & become a Rockstar!

Why should you learn HTML5?

HTML5 is the **fastest** growing job trend – adding the most number of open positions compared to even Android & iOS.

Technology leaders are building HTML5 like

Adobe, Firefox, Google, Apple, Facebook, HP, Microsoft, IBM and many mores.

Adobe & HTML5

Adobe is helping make this vision a reality through its contributions of creative features such as:

- Robust graphical foundation
- Magazine-like layout
- Cinematic visual effects
- Typography
- Consistency
- App platform

Adobe is building the best tools and services in the world to enable web designers who code and developers who value design to create beautiful mobile-ready content and apps.

Internship

An optional internship program of 2 months, working on live projects.

Testimonials

I have done courses with Tekno Point since 2010 had found the training very useful for overall learning of Adobe Products in day-to-day work. The training courses, topics covered & resource provided have been great. I recommend Tekno Point to any student who wishes to learn Adobe products in much greater depth. I have worked with companies like Tata Interactive, ESSAR-Aegis & currently for Sabre Holdings- Travelocity & I ensure that I keep training with Tekno Point to get updates on overall software's.

Tariq Shaikh, Sabre Holdings- Travelocity

Tekno Point has provided me a good platform to grow in my career. It was only possible at Tekno Point where the training provided helped me to put my career on right track. I would like to thank all the entire team at Tekno Point for their timely guidance during my training sessions

Dhiraj Bhapkar

I am working in Eros International Media Limited as Dept. Head - Graphics. I am handling Print Publicity and having experience of 16 years in the field. But now-a-days Digital Media is growing very fast in comparison to print media. I decided to upgrade myself for the Digital Media by learning FLASH, HTML, CSS, JQUERY, etc. I find Tekno Point is the best solution for the training in these software's. Faculty is really good & the course structure is also well defined. I wish great success for Tekno Point.

Kishor Sansare, Department Head (Graphics), Eros International Media Ltd
